Subject: No! to Microsoft Settlement

Dear Sir or Madam:

I would like to register my disagreement with the proposed antitrust settlement with Microsoft. More should be done to reduce the power of Microsoft against its rivals - power that Microsoft has used repeatedly to cripple or destroy competitive products. Microsoft must also be obliged to pay a substantial penalty - one more commensurate with the damage done to the competitors and the costs imposed on consumers.

Thank you for your time.

Sincerely,
David Johnson
